RESULT:

A manual process or emails back and forth, long time for quoting, additional expenses, poor performance and customer service, non-transparency.

SOLUTION

CargoBooking.aero offers full process automation for instant air cargo quoting and booking which can be integrated to freight forwarder systems by API.

Works as consolidator of all possible flights/truck options with customer rates and spot rates requests.

Real time flights/rates

search and pre book/spot rate quoting via customer portal, email or API.

Digitising

the current way of the manual process by emails or calls.

Faster

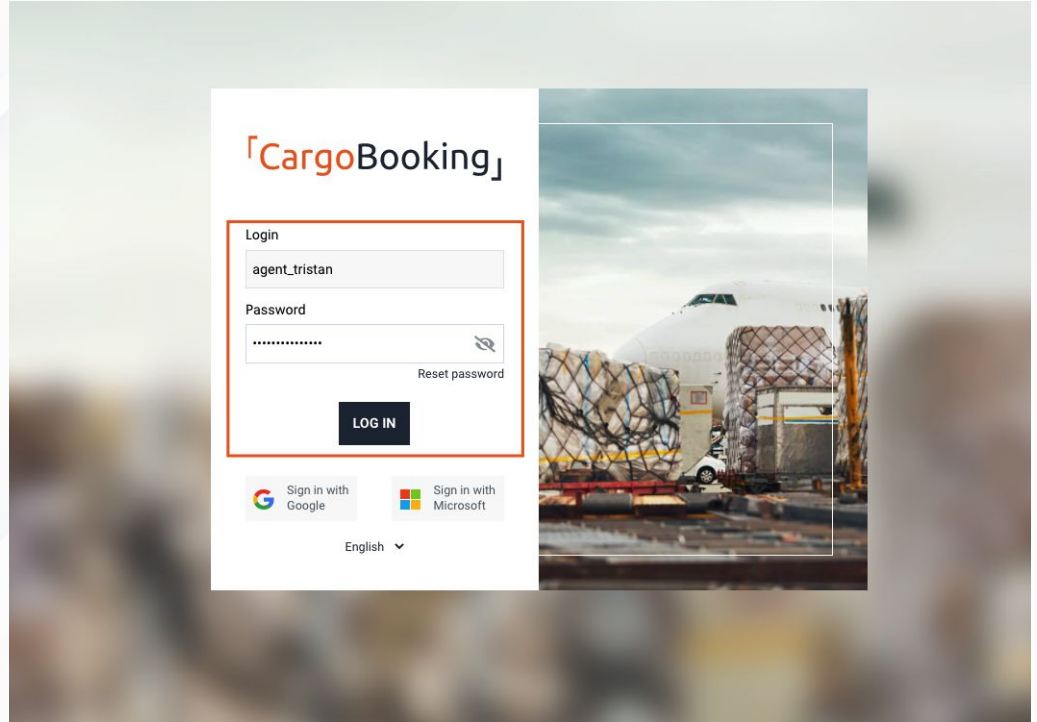

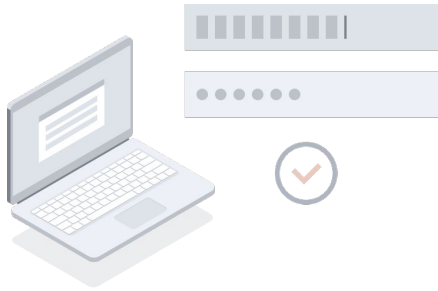

quotes and booking processing for Freight Forwarders and Airlines/Cargo GSA.

Functionality support of the full airfreight and charter sales business workflow.

More tight integration in processes with customers improved loyalty and better customer experience.

Step 1

Access with your Login and Password

Step 2

Detailed description of the screenshot: The screenshot shows the 'CARGO QUOTE FLIGHTS' interface. At the top, there's a header with the company logo and an 'EDIT YOUR REQUEST' button. Below that, an 'Airline*' dropdown is set to 'All'. The main section displays flight details: Route (HKG → LAX), Ready to load date (Mar 3, 2022 00:00), Cargo Details (5 PCS 12.09 m³, 225 kg), Chargeable Weight (2,015 kg), Volume (12.09 m³), and Customer (Cargo Corporation TR). A calendar view shows the selected week of 3 Mar 22 - 9 Mar 22. Below the calendar, there are radio buttons for 'Cheapest' (selected) and 'Fastest'. The flight options are listed under 'Online'. The first option is highlighted with a red box and a checkmark icon. It shows a flight from HKG to LAX via HND on Mon 7 Mar and Wed 9 Mar. The rate is 4.80 USD/kg, and the total is 9,672.00 USD. Below the flight details, there's a table for 'Air Freight Charges' with columns for Type, WT, PCS, BULK, QTY, Rate, and Total. The table shows a total of 9,672.00 USD. At the bottom of the flight details, there are 'Check capacity' and 'Book now' buttons. The 'Book now' button is highlighted with a red box. At the bottom of the interface, there are buttons for 'Create Flight' and 'Create Option Without Flight', and a footer with the text 'Select option for spot rate or saving prices as option to current quote' and 'CONTINUE WITH SELECTED OPTIONS (1)'.
